## CLARK HOWELL THE DARK HORSE

In Case There Should be Deadlock in Gubernatorial Situation in Georgia

Atlanta, Ga., June 29.—If there is a deadlock in the Georgia state convention when the hour for choosing the next governor arrives it will be broken by the election of Clark Howell of Atlanta, publisher of the Atlanta Constitution, according to politicians who say they know whereof they speak.

"It isn't at all unlikely that no candidate will go before the convention with a clear majority," said the spokesman of one little knot of law-makers and political doers in the Kimball corridor. "An I've got it pretty straight that if Randolph Anderson and Judge Nat Harris find neither of them can reach the plum they will have their supporters combine on Mr. Howell and he will go into office without the trouble of a race." Naturally the friends here of neither candidate would admit there was anything in the report of a contemplated compromise. It is still a good way ahead to the convention, but if there is a deadlock the prophecy of mid-June might well be remembered.

### ORDERS EQUIPMENT HELD

Blaise Writes Letter to Commander of Regiments.

Columbia, June 29.—To the regimental commanders of the National Guard, South Carolina, Governor Blaise has written the following letter:

June 23, 1914.  
Cols. Julius H. Cogswell, Charleston, S. C.; W. W. Lewis, Yorkville, S. C.; A. E. Legare, Columbia, S. C.; Gentlemen: You will please, immediately, instruct each captain of each company in your regiments not to relinquish possession of any equipment or supplies now in the hands of himself or under anybody's order. I do not propose for the militia of this state to be kicked out and branded as property thieves, and I want you to hold to what you have.

The whole thing is simply dirty politics, and as soon as I can get foot-loose I am satisfied I will have no trouble in straightening the entire matter out.

With kind personal regards and best wishes, very respectfully,  
(Signed) Colo. L. Blaise, Governor and Commander-in-Chief.

### Get Action Thursday.

Washington, June 29.—Action on President Wilson's nominations for the Federal reserve board will be taken by the banking and currency committee Thursday, and Senator Hitchcock, acting head of the committee, hopes a vote can be obtained on the five names at that time. Subcommittees appointed to examine the qualifications of the nominees are expected to conclude their labors before the meeting Thursday. It is believed the nominees will be approved by the committee and later confirmed by the senate.

### Trainmen May Strike.

Cleveland, O. June 27.—Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, said that the result of the strike vote taken by 55,600 engineers and firemen on 33 railroads west of Chicago will be known between July 10 and 14. It is a secret ballot he said and there is no indication at present as to the result.

The men asked for increased wages, shorter hours and better working conditions and the strike vote came when the railroads refused their demands.

### HE MAY RESIGN

George-Fred Williams Refused to Talk to Press.

Athens, Greece, June 29.—George Fred Williams, United States minister to Greece, today refused to give any information regarding the published report that he had sent his resignation to Washington in connection with his reported activities in Albania.

Washington, June 29.—No further report on the sensational statements on the Albanian crisis attributed to George Fred Williams, American minister to Greece, had been received here today. Neither had the minister's resignation, which was reported in its way.

Mr. Williams cabled the State department today that he was forwarding by mail the full text of his statement on the Albanian situation. Officials declined to comment on his utterances as reported in news dispatches.

### FIRST YEAR GONE

Financial Statement of Wilson's Inland Twelve Months.

Washington, June 29.—Tomorrow marks the close of the first full fiscal year under the democratic administration. Figures made public today showed that up to and including last Saturday, the government's receipts had been \$994,505,007.25, as against \$899,084,417.60 for the corresponding

period of the last fiscal year. Today and tomorrow will add heavy receipts especially in corporation and income tax assessments, which are delayed until the last moment. Receipts for corporation and income taxes aggregated \$6,627,566.24 Saturday, making the total collections from these sources for the year up to that date \$32,285,636.87. The treasury department estimate of the amount to be derived from those taxes is \$75,000,000 and if the experience of last year is repeated the final day for payment will bring in half the total assessments.

**Southern Railway Man Dead.**  
Washington, June 29.—Friends of Alexander Stewart, general superintendent of motive power and equipment of the Southern Railway, were shocked today to learn through cable advices of his death in Paris yesterday. His death is believed to have been due to liver complaint, for which he had gone abroad to be treated. Mr. Stewart was born in Fort Wayne, Ind., 47 years ago, and was widely known in railroad circles.

**AMONG OUR ADVERTISERS**

### BOYCOTTING WOMEN.

Labor Union of Great Britain Are Taking Steps.

London, June 29.—Many branches of the Independent Labor Party, and some of the trades unions, have passed resolutions against allowing Unions to employ women in any of their branches, while the executive committee of the National Union of Railwaysmen has decided that women shall not be accepted as members of that organization.

The decision against allowing women to speak from labor platforms was dictated by a desire to please the constitutional suffragists, who are supporting labor candidates for the house of commons, and to mark the members' disapproval of the action of the militants in interrupting labor meetings, despite the fact that the party supports the movement for women's suffrage.

Mr. Simons was 54 years old and a member of a prominent Charleston family. His brother, Charles Dewar Simons, was a brother-in-law of the late E. H. Harriman. His relatives declared today that European physicians had given Mr. Simons no hope about his health.

### Flood Mexican Loan.

Mexico City, June 29.—Several local banks, it was learned today, have agreed to take the bonds of an interior loan which is to be floated by the government within the next few days.

## SOUTHERN SELLS ITS NEW BONDS

And the Double Tracking of the Main Line is Now Practically Assured

Atlanta, Ga., June 29.—Within five years the management of the Southern Railway expects to have a double track line the entire distance—649 miles—from Washington to Atlanta. President Harrison has made arrangements for financing this great undertaking of immense importance to the entire south, and it is planned that the work shall go forward as rapidly as it is possible to carry it on without interfering with the heavy freight and passenger traffic which moves over this line.

The funds for this work will be provided by the sale of \$20,000,000 of bonds of the Atlanta & Charlotte Air Line Railway Company, the issue of which has been authorized and approved by the Georgia Railroad Commission. Of these bonds \$5,500,000 have already been sold and the proceeds will be used to refund an equal amount of Atlanta and Charlotte Air Line bonds now owned by the Southern Railway. This sum will be used by the Southern Railway in double tracking those portions of its line between Charlotte and Atlanta, which are still single tracks. This will involve a great deal of heavy work, especially in the mountains of North Georgia, and will call for the expenditure of between \$13,000,000 and \$14,000,000.

The single track lines north of Charlotte to be double tracked are as follows: Orange, Va., to Amherst, Va., 73.99 miles; Whitfield, Va., to Danville, Va., 22.05 miles; Palham, N. C., to Greensboro, N. C., 37.14 miles; Concord, N. C., to Harrisburg, N. C., 6.4 miles; a total of 139.62 miles.

### Search Private Yachts.

London, June 29.—The search of private yachts for rifles and other war munitions for Ulster, which has been instituted by the Admiralty, is not without its humorous side, since the naval officers commanding the patrol are the guests of the Royal Ulster Yacht Club and are permitted to go ashore for tea and tennis. But they are not allowed to remain for dinner, by order of the First Lord. The commanders of the searching parties which board every yacht entering the port or met on the sea, fraternize daily with the amateur skippers suspected of gunrunning. Ever since the report, said to be false, that 3000 more rifles for the Ulstermen had been landed recently from a private yacht in a cove below Belfast, the destroyers patrolling the Irish sea have been instructed by the admiralty to challenge and board all private yachts, which, to all accounts are thoroughly searched.

### SWEEPING PROHIBITION

Bill Up that Would Make Georgia as Dry as Sahara.

Atlanta, June 29.—The prohibition war in the legislature has broken loose just as predicted when the Macdonalds tried to legalize the sale and manufacture of real beer. They had their answer when Representative Filbricht of Burke, came back with the most sweeping prohibition bill which ever reached the Georgia house. It prohibited the manufacture, sale, keeping for sale or barter or giving away to encourage trade of any liquor containing more than one half of one per cent of alcohol. If that bill ever is passed—and enforced—Georgia will no doubt be the driest spot this side of the great Sahara desert.

Love and marriage and divorce had their unions also in the assembly. Representative Parker of Liberty, offered a bill providing that when two young hearts began to beat as one, and to figure on keeping house they must publish it in the newspaper for four weeks in succession, that they were contemplating embarking on the matrimonial sea. Then when they had proved this to the ordinary they could get a license and become one.

Mr. Beck of Carroll, desires that the tax commissioner be elected by the people instead of being appointed by the governor and he offered a bill to that effect.

A bill is also before the house to have the game and fish warden elected by the people.

### Lodgings Penny a Week.

London, June 29.—Lodgings at a penny a week are offered to the poor of Midhurst in Sussex by the Rev. F. Tatchell, vicar of the parish. He has turned an old vicarage over to this purpose. The penny a week secures a bed sitting-room in cases of genuine poverty. The reason for the penny rental scheme lies with the charity commissioners of the town, who have been letting the public almshouses to the highest bidders. The result has been that the very poor have been forced to pay more than they could afford for lodgings. To overcome official competition, the

### Killed By His Cousin.

## FLOOD HES SUMATRA

Great Damage Done By a Cloudburst. Batavia, Java, June 29.—Immense damage was caused by a cloudburst last night at Benkoelen, Sumatra. The business section of the town was destroyed and the hospital, the school and a number of houses collapsed. Belated reports from the Southern districts of Sumatra state that many Europeans were injured during the recent earthquake. The passenger steamer Van Cloon, of the Dutch Royal Mail Steamship Company, went ashore on the island of Scelebos as a result of the heavy seas following the shock.

## FLETCHER WAS PRAISED

Washington, June 29.—Rear Admiral Fletcher reported to Secretary Daniels today on his return from Vera Cruz and was later received by President Wilson. Secretary Daniels said Admiral Fletcher would remain in Washington all this week and that no further definite plans had been made.

## SUDDEN SHOCKS

Impare the System, Shorten Life and Do Great Harm.

If you knew that you could cure yourself or your child of a malignant disease by the use of dynamite, would you take the chance?

Calomel acts on the sluggish liver like dynamite on the solid rock.

It shocks and upsets the organs and works much harm as proven by its after effects.

Modern science has discovered a vegetable substitute that produces all the desired effects of calomel without the shock or after troubles. It is so harmless that acids may be taken into the system immediately after the medicine without fear of after effects.

It aids liver, kidneys and bowels of all poisonous accumulations and leaves the patient feeling new and strong.

CARSWELL'S LIVER-ACID is on sale at Frierson's Pharmacy Belton, S. C., at 50 cents for a large bottle. The purchase price will be refunded in full if you find it unsatisfactory.
